[Slim]: What do you want?

[Queen]: I want a guy to show me myself. I want him to love me so deeply I'm not afraid to show him how ugly I can be. I want him to show me scars I never knew I had. But I don't want him to make them go away. I want him to hold my hand while I nurse them myself. And I want him to cherish the bruises they leave behind (*brief pause*) We should go.

(*long pause*)

[Queen]: What do you want?

[Slim]: I want a ride or die.

[Queen]: Oh, my God. What does that even mean?

[Slim]: I just want someone that's always gonna love me. No matter what. Someone that's gonna hold my hand and never let it go. She gotta be special, though. Cause she gon' be my legacy.

[Queen]: What do you mean?

[Slim]: Look, I ain't gonna bend the world. 'Long as my lady remembers me fondly, that's all I need.
